

FAQ# 26-06110202
Modified 06/11/02

What is the recommended reading list for PCRE report server administrators?

1. Installation Manual
http://www.dynamalivery.com/products/paralelcrystal/v2.6_3.6/PCRE%202.6_3.6%20Installation.pdf
2. Debug utilities (annotating the report server log file, running test programs/utilities for validating installation, detecting conflicting versions of Crystal Reports run-time libraries
<http://www.dynamalivery.com/customersupport/faq/debug.html>
3. Sample code for the Web/Portal Server of your choice
<http://www.dynamalivery.com/customersupport/samples/samplecode.html>
4. Simple Java code sample for testing from the raw JDK
<http://www.dynamalivery.com/customersupport/faq/samplesample.html>
5. FAQ search page
<http://www.dynamalivery.com/customersupport/search.html>
6. Product release schedule and upgrade issues
http://www.dynamalivery.com/products/paralelcrystal/paralelcrystal3_6.html
7. Selected FAQs for administrators:
 - a. Role of MDAC
<http://www.dynamalivery.com/customersupport/faq/MDACfaq.html>
 - b. Steps to (re)validate an installation
<http://www.dynamalivery.com/customersupport/faq/installvalidation.html>
 - c. Security
<http://www.dynamalivery.com/customersupport/faq/firewall.html>
 - d. Hardware Requirements
<http://www.dynamalivery.com/customersupport/faq/hardwarereq.html>
 - e. Replacement of defective MS SQL Server driver
<http://www.dynamalivery.com/customersupport/faq/defectivesqldrivers.html>
 - f. PDF Printing Issues
<http://www.dynamalivery.com/customersupport/faq/pdfprinting.html>
 - g. Fixing display of blank pages in browsers
<http://www.dynamalivery.com/customersupport/faq/blankpage.html>
 - h. Tech support checklist of what to send to Dynamalivery so we can try to reproduce your problem. (or in others words, what you would ask for if you were in our shoes.)
